

NEW ENGLAND CHAPTER

CLUB MANAGEMENT ASSOCIATION OF AMERICA

Sponsorship Program

The New England Chapter of the Club Management Association of America (CMAA) is the original chapter of the CMAA and is the professional association for managers of private clubs. The New England Chapter is comprised of more than 200 members representing clubs in Maine, New Hampshire, Vermont, Rhode Island and Massachusetts. As one of CMAA's largest chapters, New England is very active and proud of the value of the education, networking and social opportunities offered and afforded to its members. The New England Chapter members manage clubs ranging from seasonal to year-round, golf to city to country clubs, member-owned to developer-owned, and everything in between.

Chapter Mission Statement:

The purpose of the New England Chapter is to provide consistently relevant and compelling education and social interaction that facilitates networking and mentorship amongst professionals connected with the management of clubs. Education is the backbone of the Association. Each year, the chapter holds quarterly meetings, spring and fall workshops as well as other events. The chapter provides education which is aligned with what CMAA deems as the ten competency areas of club management and meets requirements for certification.

The New England Chapter sponsorship program is a collaborative effort between the New England Chapter and a number of exclusive Partners that have demonstrated an interest in and support of the club industry. The program is intended to create a bridge between club management professionals and the companies most closely connected and committed to serving the industry. The sponsorship program provides your company the opportunity to participate at one of three sponsorship levels: Gold (three with category exclusivity), Silver (six) and Bronze.

The sponsorship program offers organizations year-round exposure to club management professionals in New England through sponsorship and marketing packages. In return, each supporting organization makes a commitment to provide the chosen level of monetary support to the Chapter. This support will enhance the quality education and programming offered to Chapter members and hospitality students within the New England Chapter of the Club Management Association of America.
